

Breakout Parallel Sessions (from submitted abstracts) **3.30 - 4.20pm**

Session A: Improving delivery of community care

- **K Jephson:** “What are post-stroke community patients’ experiences of a secondary stroke prevention (SSP) package offered by a Community Neurological Rehabilitation Team (CNRT) in the South East of England and their views on how it could be improved?”
- **S Dungey:** “Use of Telehealth for Monitoring Patients with Complex Long Term Conditions”
- **D Harris:** “The meaning and perceived function of supervision in a National Health Service (NHS) organisation”

Session B: Interventions in community settings

- **D Stanley:** “Clinical Effectiveness of Unloader Bracing in an MSK service for patients with Unicompartmental Knee Osteoarthritis”
- **T Cook:** “Are corticosteroid injections more beneficial than anaesthetic injections alone in the management of rotator cuff related shoulder pain? A systematic review”
- **R Emmanuel:** “A Study of Special Care Dental Patient preference towards choice of mask and visor use by dental clinicians”

Session C: Innovations in assessment

- **D Sellers:** “The Eating and Drinking Ability Classification System (EDACS) for cerebral palsy: a study of reliability and stability over time”
- **K Scanlon:** “Pirate Adventure Assessment Tool for Autism. Pilot study in neurotypical children”
- **R Talbot:** “Development of an app which efficiently elicits an indicative dialogue and gesture sample from people with aphasia interacting with different conversation partners”

Please remember to collect your certificate of attendance (CPD) & complete your evaluation form as your feedback is valuable. Presentations will be made available online for a limited time: www.sussexcommunity.nhs.uk/news/research-conference.htm

Thank you for coming

SCFT Research Conference 2017

Tuesday 25th April 2017

The Charis Centre, Crawley

9.00am - 4.30pm

Working with patients and the public to innovate practice through research

This conference aims to explore working with patients, families and carers to ask the right research questions to provide excellent care and treatment.

View & download the full conference information:
www.sussexcommunity.nhs.uk/news/research-conference.htm

@sct_research #scftresearch

Excellent care at the heart of the community

PROGRAMME

9.00am Registration and networking

9.30am Welcome by **Dr Catherine Evans**
(*Research, Development & Innovation Director, SCFT*)

9.35am Opening by **Siobhan Melia** (*Chief Executive, SCFT*)

Morning Chair: Susan Marshall (*Chief Nurse, SCFT*)

9.45am Prof Patricia Wilson – Keynote Speaker
(*Prof of Primary & Community Care, University of Kent*)
“Involving patients and families in research work; experiences and the difference this makes”

10.35am Dr Sumita Verma
(*Honorary Consultant Hepatologist; Brighton & Sussex University Hospital and Kings College Hospital*)
“Involving patients with advanced liver disease in research: collaborative working across the Trusts”

10.55am Refreshment break, poster and stall viewing

11.15am Dr Val Shilling
(*Research Fellow, University of Sussex*)
“Working with patients, parents and caregivers to do better research”

11.35am Jennifer Parry
(*Consultant in Paediatric Dentistry, SCFT*).
“The challenges of enabling participation in oral and dental research in Kent, Surrey and Sussex”

11.50am Dr Catherine Evans
(*Senior Clinical Lecturer in Palliative Care & Nursing, Kings College Hospital; Research, Development & Innovation Director, and Honorary Nurse Consultant SCFT*)
“Involving patients and public to optimise community services for the frail elderly”

12.05pm Dr Liz Bryant
(*Research Lead, Chailey Clinical Services SCFT & Research Fellow University of Brighton*)
“SCFT’s involvement in EDUCAT, a European research project”

12.15pm Questions for morning speakers (panel discussion)

12.35pm Lunch break, poster and stall viewing

Afternoon Chair: Prof Chakravarthi Rajkumar (*Chair of Geriatric Care & Stroke Medicine, BSMS*)

1.35pm Prof Hubertus van Hedel – Keynote Speaker
(*Head of Research, Rehabilitation Centre for Children and Adolescents, University Children’s Hospital Zurich*)
“Clinical application of rehabilitation technologies and use of appropriate assessment tools for children with motor disabilities”

2.15pm Dr Will Farr
(*Senior Research Fellow, SCFT*)
“Using gaming technology to enhance rehabilitation for children: findings from the Wiifit study & working with families”

Early Career Clinical Researchers

2.30pm Katherine Buckeridge
(*Speech & Language Therapist, SCFT*)
“Consulting young people about a research study on Acquired Brain Injury”

2.40pm Helen Justice
(*Occupational Therapist, SCFT*)
“First steps in innovating practice through research: Exploring important elements of occupational therapy practice for adults with intellectual disabilities and sensory processing challenges”

2.50pm Questions for afternoon speakers (panel discussion)

3.10pm Refreshment break, poster and stall viewing

3.30pm Breakout Parallel Sessions (see overleaf for details)

4.20pm Award for best abstract poster & closing remarks:
Dr Richard Quirk (*Medical Director, SCFT*)

4.30pm Close
